**Discover Yiwu
Market with Your
Trusted Sourcing Partner**

Your Gateway to Wholesale Products!

In the early 1980s, Yiwu County birthed a groundbreaking idea - a market that revolutionized the industry. It began as the Hu Qing Men Market, but its rapid growth exceeded all expectations, expanding from a few hundred stalls to over 10,000 within a decade.

By the 2000s, it had become a global phenomenon, a prime destination for everyday goods, drawing thousands of international bulk buyers every day. Today, the Yiwu Market boasts over 80,000 stalls, including the renowned Futian Market complex.

Why Do You Need a Yiwu Agent for Your China Imports?

The answer is simple: hiring an agent makes the entire China sourcing process easier and simpler for you. When importing from China, having someone to supervise your sourcing process on site is essential due to several factors:

**Unreliable factories that
might not meet quality
standards**

**Risk of slack work from laborers
when not closely monitored**

**Unexpected quality issues
or subpar products**

Even if you're in China and are able to visit the market you may find that many Yiwu suppliers cannot speak English or Spanish. After the purchase, you'll realize you don't have a warehouse to collect all the orders and there isn't anyone to inspect your orders directly.

A competent Yiwu agent ensures these challenges are addressed, making their role a necessity rather than an option. Moreover, experienced agencies like us also help you get the best deals and stunning discounts, as they are in direct connection with different suppliers.

**When you choose us for hassle-free
Yiwu sourcing, we handle it all!**

Discovering Reliable Suppliers

With having so many factories in China the question is where do you start looking to import products from and how can you be sure it is the correct products? With a sharp eye for quality and attention to details, we can unite you with suppliers who mirror your requirements. We source items from only those suppliers which adhere to the highest standard of professionalism and quality.

Ordering Quality Products

One of the biggest challenges you can face when you import from China is product quality, as consumers are often doubtful about the quality of made in China goods. But at Logistics 9, we import only premium quality products at affordable prices.
